## 4\* CORAL BEACH, PAPHOS, CYPRUS

The Coral Beach Hotel & Resort can be found in the upmarket area of Coral Bay which is located on the west coast of the island and just 20 minutes from Paphos.

This excellent 4 star hotel boasts its own private pleasure harbour, extensive gardens with leisure pools and its own private beach.

The resort was the official training venue for the Great Britain Olympic team prior to the 2004 Athens Olympic Games in Athens and is now regularly used by numerous National and club teams from all over Europe.

The hotel offers a choice of rooms from single occupancy to duplex rooms suitable for 5 people. All rooms have private en-suite facilities with a bath and shower along with air conditioning, direct dial telephones, satellite TV, mini-bar, safe, hair dryers and a balcony or terrace.

There are four restaurants offering varied menus from buffet style to an a-la-carte service. As the hotel has hosted many sports teams, food is focused on the nutritional needs of an athlete.

Away from training, there is plenty to keep everyone entertained including a spa, tennis courts, a games room, snooker room, squash court, table tennis tables, an indoor heated pool, whirlpool spa, sauna and steam room.

The heated 50m outdoor Olympic Pool is built within the grounds of the resort and is only used by visiting teams and professional athletes. Teams have access to their own fully equipped gym and a meeting room as well as usage of the hotel's indoor relaxation pool and 4 tennis courts.
